What is the most powerful word in the English language?

The most commonly used word in English might only have three letters – but it packs a punch. ‘The’. It’s used all of the time, and English wouldn’t be the same without it. But it’s not much to look at. It isn’t deceptive or inspiring and technically it’s meaningless. Yet this bland and boring-seeming word could be one of the most potent in the English language.

We recently asked learners and volunteers for feedback with a survey.

Here’s what we heard...

"NMPL has done an admirable job of continuing its mission during the Coronavirus crisis. Many tutors are connecting with their learners remotely; and the staff continues to provide outstanding support."

"Fantastic work during this CRAZY time! So happy to see the continued positive impact you are making every single day."

"Just the existence of it made my life fulfilled during the crisis."

"Keep up the Tutor Connections. They help us reduce isolation and always give loads of great ideas to try."

"I can attend literacy program via zoom. It is so great because teachers are so great."

"Many who are silent like me actually are so grateful for being with you."

"Thanks for all you have done this year to keep the program active."

"I always know I can count on you if I need help."

In 2021, we plan to continue efforts to further these areas:
Programming/Classes, Marketing and Communication, Improving Materials and Resources

Make sure to stop by the Literacy Office to pick up a copy of In Our Own Words. You don't want to miss reading this collection of NMPL learner writings. They have shared their stories, poetry, 6-word memories and more with our community. If you would like a copy mailed to you, please contact us.

Donations Welcome
Donations by credit and debit can be made online: http://bit.ly/NMPLDonate
Donations through the mail can be made via check:
